About Us

BeanBags was founded in 2002 by owner, Mike Graham. He has been working within the hospitality industry since 1992 and has gained a vast amount of experience and knowledge over this time.

Initially he supplied coffee to a handful of local coffee shops in Oxford but rapidly expanded and now regularly supplies over 400 public houses, restaurants and catering companies across Buckinghamshire, Oxfordshire, Northamptonshire and Berkshire.

Owner Mike on a coffee farm in Brazil.

Based in Worminghall, the BeanBags head office houses a team of highly professional individuals with excellent product knowledge. BeanBags prides itself on its impressive customer service record.

In recent years the company has adopted an easy ordering system with quick response times and usually next day delivery. In a nutshell – BeanBags goes the extra mile to ensure high customer satisfaction is maintained at all times!

Supporting Local Charities

BeanBags are proud supporters of our local charity Thomley.

Staff at Thomley provide play, leisure, relationship and life skill opportunities for disabled children, young people and adults.

All our beans are ethically sourced and we work closely with our roasters to ensure our coffees are produced and packed in an environmentally responsible way. We have decisive trading beliefs and, as a result of close collaboration with our suppliers, ensure positive social impact.

Our range has been carefully developed to offer our customers an unrivalled choice of top quality coffees in a variety of formats. Choose from single origin beans selected for their unique flavour - a result of their individual terroir - and blends that bring together the best properties of different origins from around the world.

We also work closely with our roasters to ensure we are able to offer our customers a wide range of coffee flavours to suit every palate. Although excellence is at the forefront of our coffee innovation, through negotiation we are still able to offer very competitive prices.

Room 71

BeanBags would like to warmly invite you to visit our showroom at our Worminghall Headquarters.

All customers and potential customers are welcome to visit, view our full range, sample the products and see the very latest coffee machine technology.

Our Coffees

 **Roast:** A lighter roast will taste delicate, sweet and fruity. A darker roast is more bold with likely smoky, bittersweet and chocolaty hints; and is less caffeinated than its counterpart.

 **Body:** The body is how the coffee feels in the mouth, it's sense of richness and heaviness on the tongue. A coffee with a full body will have a buttery or even syrupy quality.

Roast:  Body: 

Triple B 6 x 1kg 
30% Brazilian, 20% Rwandan, 30% Honduran, 20% Vietnamese
A blend of beans possessing a rich and earthy body, combined with a fruity sweetness. Peanut and dark berry flavours, it has a persistent finish.

Black Label 6 x 1kg 
70% Brazilian, 30% Vietnamese
A richly roasted Arabica bean creates this deeply flavoured coffee, consisting of caramel and chocolate sweet notes, followed by a satisfying syrupy finish.

BEANBAGS' FAVOURITE

Davinci6 x 1kg

60% Brazilian, 40% Vietnamese
A blend using full bodied Brazilian Arabica beans. It has warm and sweet flavours and a complex aroma, together with good body and delightful chocolate and nutty notes. It is well balanced and can be enjoyed at any time of day.

Mahogany 6 x 1kg 
30% Honduran, 30% Vietnamese, 20% Rwandan, 20% Brazilian
A traditional mix of the finest coffees from three continents. Rich in taste, with a strong noticeable chocolate aftertaste.

Colombian Supremo 6 x 1kg 
100% Colombian
These beans have sweet fruity notes with chocolate and caramel. Combined with a bright acidity and clean finish, it offers a soft, balanced and smooth aftertaste.

Roast:  Body: 

AA Rwandan 6 x 1kg 
100% Rwandan
A single estate AA quality Arabica. Beautifully clean-tasting and smooth, with full-bodied hints of vanilla. Produces an intense and flavoursome espresso.

Bomocaf Bruna 6 x 1kg 
20% Brazilian, 20% Central American, 20% Indian, 40% Indonesian
A blend using a mixture of full bodied beans. It has a warm and pleasant body with a deep chocolaty aftertaste and a hint of spice.

BEST SELLER

El Sol6 x 1kg

60% Colombian, 40% Kenyan
An intense blend of beans from Colombia and Kenya, medium-roasted and sweet tasting. A traditional blend perfect for lattes and cappuccinos.

 **Fairtrade Organic Java** 6 x 1kg 
100% Java
A Fairtrade certified and Organic Java bean that is bold in character and full of rounded, earthy flavours. The spicy and smoky notes in the finish are mixed with a fruity acidity and an unusual liquorice twist.

Java Creme 6 x 1kg 
70% Java, 30% Vietnamese
A full-bodied and aromatic bean from Java, it has a medium-high acidity and a clean taste, with sweet and spicy notes.

Rio Carnival 6 x 1kg 
70% Brazilian, 30% Vietnamese
A Brazilian coffee, dry and bready, with a nutty aftertaste. A medium acidity coffee that creates a strong crema for a deep visual impact. Perfect as an espresso or latte.

Roast:  Body: 

Guatemalan Huehuetenango [way-way-ten-ango] 6 x 1kg 
100% Guatemalan
Grown at high altitude and in extreme remoteness, this Guatemalan bean from the Huehuetenango region produces exceptional coffees with distinct acidity and pleasant fruity notes.

Finca El Portezuelo El Salvador 6 x 1kg 
100% El Salvadoran
Grown at an altitude of 1100 - 1400m under the shade of Inga Trees, these full-bodied sun-dried beans deliver a nippy acidity and rich flavour.

Roast:  Body: 

 **Fairtrade Brazilian** 6 x 1kg 
100% Brazilian
A Fairtrade certified Brazilian bean that is nutty and sweet, combining malty notes and great body. Lovely levels of chocolate and caramel are characteristic of this strong, aromatic bean.

CUSTOMER FAVOURITE

 **Fairtrade Organic Papua New Guinea** 6 x 1kg 
100% Papua New Guinea
A Fairtrade certified and Organic bean from Papua New Guinea that has sweet, berry marmalade fruitiness with a ‘zap’ of dill, surrounded by notes of buttered toast. It works particularly well as an espresso, especially for those who like a little smokiness.

Decaffeinated 1 x 1kg 
100% Brazilian.
A Brazilian Arabica bean with rich walnut and dark cocoa notes with a creamy mouth feel and soft acidity, perfect as a bed time drink. Dark roasted to develop the fruity sweetness of the coffee. The caffeine gets extracted using a special water steaming process.

Espresso Grind

BeanBags Espresso Grind 24 x 250g 
30% Brazilian, 20% Rwandan, 30% Honduran, 20% Vietnamese
A blend possessing a rich and earthy body, combined with a fruity sweetness. Medium roasted to highlight the peanut and dark berry flavours, it has a persistent finish.

Decaffeinated Espresso Ground 1 x 1kg 
100% Colombian
Hailing from Huila, Southern Colombia; sugar cane and spring water are used to remove 97% of the coffee’s caffeine. It has a smooth body with hints of caramel, tangerine and apple.

Espresso Coffee Pods

Decaffeinated Espresso Pods 1 x 150 
100% Brazilian.
A dry coffee with a bready flavour, perfectly finished with a nutty after taste. A great evening drink.

Filter Coffee

For our regular filter coffee customers we can provide a filter machine on free loan.

Darling Spuds are a young, British-born brand of hand cooked potato crisps. With the potato skins kept on, fried in pure sunflower oil and using only natural seasonings, Darling Spuds are without a doubt a healthier option.

Crushed Natural Sea Salt	30 x 40g	£13.20 + vat
Fire Roasted Jalapeno Peppers	30 x 40g	£13.20 + vat
Sea Salt & Italian Balsamic Vinegar	30 x 40g	£13.20 + vat
Spicy Chorizo & Red Pepper	30 x 40g	£13.20 + vat
Sun Ripened Tomato, Olive & Oregano	30 x 40g	£13.20 + vat
West Country Cheddar, Leek & Pink Peppercorns	30 x 40g	£13.20 + vat

Brought to you by our much loved Salty Dog and Darling Spuds creators, these premium Gruntled Pork Cracklings are double cooked to create a lighter and crispier snack. Produced in Britain, these are gluten free, high in protein and with no MSG.

Cornish Sea Salt	20 x 40g	£12.40
Habanero Chilli	20 x 40g	£12.40

Hanging strips available on request.

From the same manufacturer as Darling Spuds, Salty Dog crisps are made from potatoes of the highest pedigree, hand-cooked in sunflower oil for that extra bite and seasoned with feisty flavours.

Flame Grilled Steak	30 x 40g	£13.20 + vat
Ham & Wholegrain Mustard	30 x 40g	£13.20 + vat
Sea Salt	30 x 40g	£13.20 + vat
Sea Salt & Malt Vinegar	30 x 40g	£13.20 + vat
Strong Cheddar & Onion	30 x 40g	£13.20 + vat
Sweet Chilli	30 x 40g	£13.20 + vat

These naturally nutty nuts really compliment the range of Salty Dog crisps. They are packed with flavour and come ready on hang cards.

Honey Roasted	12 x 45g	£5.35 + vat
Dry Roasted	24 x 45g	£8.75 + vat
Salted	24 x 45g	£8.25 + vat

Deliciously tasty fruit bars with all-natural ingredients.

High in fruit & fibre. No added sugar (contains only the sugar naturally occurring in the fruit). Wheat free, dairy free and a source of protein.

Cleaning Products

BeanBags has been selling the Puly Caff range for years and highly recommends it to all our customers for the best results when cleaning commercial and domestic coffee machines.

Quick dissolving, Puly Caff products work faster and better than most alternatives available in today's market.

To Clean an Espresso Machine

BEST SELLER

Puly Caff Coffee Machine Cleaner Tub

1 x 900g
£14.50 + vat

Restores group heads, handles, tea & coffee pots and cups to a brilliant sparkle. Suitable for all commercial and domestic machines.

Puly Caff Coffee Machine Cleaner Sachets

1 x 10
£9.40 + vat

1 sachet covers 2-3 group heads. Restores group heads, handles, tea & coffee pots and cups to a brilliant sparkle.

Premium Group Head Cleaning Brush

£4.50 + vat

This premium brush features specially designed fins which direct the hot water that drips from the brush head, whilst cleaning the group head, away from the user's hand and arm.

Stainless Steel Blanking Disc

£2.50 + vat

Keeping the group heads on your espresso machine cleaned on a daily basis is a necessity if you want to serve a good standard of espresso. To purge a group head, at least once a day, of stale coffee grounds and oils requires the use of a blanking disc.

To Clean a Bean to Cup Machine

Puly Milk

1 litre
£17.80 + vat

Use to clean and sterilise Auto Milk Frothers and Steam Wands. 1 litre bottle with measuring cap. Suitable for all commercial Bean to Cup machines such as Jura, Franke, Cafe Swiss, Rex Royal, Black & White, Saeco and DeLonghi.

Puly Caff Cleaning Tablets

1 x 100
£14.25 + vat

Tub of 100 tablets for cleaning the brewer unit on commercial and domestic bean to cup coffee machines, including Jura, Saeco, Gaggia and DeLonghi - tablet size 10mm.

Bean to Cup Decalcifying Tablets

1 x 24
£19.20 + vat

Descaling tablets for fully automatic commercial coffee and espresso machines.

To Descale a Filter Machine

Renegite Descaler Sachets

15 x 50g
£11.60 + vat

Easy to use, this descaler quickly removes limescale build-up. It slows water quality degradation and helps prolong your machines life. For use with all coffee machines, kettles and water boilers.

Marketing Support

Customer Labels for Retail Coffee Bags

We can supply fully personalised coffee bag labels with your logo on them. A great idea if you want to display your bags of beans, or they are stored within customer eyeline! Send us your logo and we'll be able to mock up a design just for you.

Loyalty Cards

Give your customers even more reason to keep coming back with our customised loyalty cards. We can offer our generic design (below) or specially design one for your venue.

Front

Back Option 1

Back Option 2

Prices start at £35.00 + vat for 250 cards.

Coffee Menus

We have professionally printed coffee menus to which you can add your own personal touch on page two. It is empty for your use!

Front Cover

Page 1

Page 2

Back Cover

Rack Cards

A great opportunity for you to tell customers about the coffee you sell, whilst providing extra marketing material. Include your WiFi code, events, ethics or weekly promotions.

Outdoor Display Signs

Our branded pavement board is a perfect marketing tool to help persuade your customers to come inside. Use it to advertise special offers and promotions.

Chalk write on your menu, special offers or maybe something funny to grab the attention of those walking past and draw them in.

One Off Event Signage

We also have BeanBAGS branded banners and flags, perfect for a one-off event where you're selling our products and need help with your signage.

Thame Food Festival

Farm & Deli Show

If you do lots of events, customised banners and flags are also available.

Branded Takeaway Cups

We can offer quality branded takeaway cups with our logo or yours on them. With a variety of cup styles, colours and quantities available, why not let your brand travel!

We also offer printed coffee cup sleeves.

Recipe Cards

We can supply recipe cards to offer ideas for seasonal specials.

Product Info & POS

Liven up your counter top with a display box or stand and show that you are proud to sell the brands you do!

Laminated product information sheets are available for many of our brands on request. Plus specific branded POS such as: tent cards, branded glassware, bar mats and posters.

Coffee description sheets can also be provided to give your interested customers more information about the specific coffee you sell - for instance, where it is grown and how it is roasted.

Google

Check out our reviews and see what other people think of our service! Leave us a review too if you'd like.

'Absolutely fabulous coffee, we use the filter coffee and get through bucket loads, it's just so good!'

'We've used Beanbags for our beans and other bits for years now. Always good quality and a team that go out of their way to help.'

Espresso Machines & Grinders

BeanBags offers a variety of payment options. Whether it be monthly rental, loan or outright purchase, we are there to assist you.

We treat every customer individually as we appreciate that everyone’s circumstances are different. We will always aim to offer the best advice accompanied by affordable quotes to suit your specific needs!

The Full Package

We stock a wide range of espresso equipment available individually or as part of a package, depending on your requirements.

The following items are available to be included in a package to suit you:

- Deluxe grinder
- Stainless steel knockout drawer
- Cappuccino cups & saucers
- Espresso cups & saucers
- Latte mugs or glasses
- Frothing jug
- Thermometer
- Cleaning brush
- Blanking disc
- Puly Caff machine cleaning powder
- CTU water filter
- Coffee beans
- Chocolate sprinkles
- Cleaning instructions & menus
- 12 month on-site warranty
- Delivery & installation of the machine
- Barista training for you & your staff

For professional advice or to discuss a bespoke machine package that will suit your needs, please contact our sales team **01844 339 828** or email us at **info@beanbagscoffee.co.uk**

Customisable Panels

Side panels can be customised to suit any need or environment.

Soft Pre-infusion Heads

Allow coffee to develop its flavour naturally and completely saturate every dose.

Group Flushing

Keep each group clean and ready to go between brews with just the push of a button.

Plug in and Go Power

Can take power straight from a mains socket with a normal UK three-pin plug.

2x Anti-suction Steam Wands

Straight flow wands ensure minimal steam restriction for effective frothing.

This high-performance range of Eclipse espresso machines are ready to be personalised - it’s a machine you’ll truly be proud to show off. Features also include a hot water tap. It produces up to around 80 drinks a day.

Power Consumption	4.0 / 6.2 kw or 3 phase
Weight	95 kg

Elegance with Integral Grinder

Group Auto Cleaning

Auto cleaning means the group head and shower always stay clean and ready for the next brew.

Built in Tamper

A built in tamper increases convenience and reduces clutter. Great for smaller venues.

Adjustable Dosing Device

Grinder can dispense a pre chosen amount of coffee into the group handle (from 5 to 12g).

Overheat/Lack of Water Indicator

Alerts the user when there is an issue with the water level or temperature.

High Group/Take Away

Enough space underneath the group heads for big and small cups keeps it versatile.

The aptly named Elegance combines ease of use, with modern functionality and features: stainless steel steam wand, hot water tap and 1300rpm motored grinder with 60mm blades. Perfect for venues who are limited on counter space, it produces up to around 80 drinks a day. Mains powered.

Number of Groups	1 Group with High Groups
Dimensions	H630 x W470 x D610mm
Boiler Size	6 ltr
Power Consumption	3.1 kw
Weight	40.5 kg

Huge Boiler

Ensures no delays in drawing hot water. For more demanding sites.

Manufactured in Italy to the highest of standards, barista champion David Makin aims to marry the latest technology with sharp colours and aesthetics. Features also include two stainless steel steam wands, four ergonomic group handles, hot water tap and a PID thermostat. It produces up to around 400 drinks a day.

Number of Groups	3 Group with High Groups
Dimensions	H557 x W971 x D593mm
Boiler Size	21 ltr
Power Consumption	5.2 kw
Weight	85 kg

Synchro Optional Extras

Automatic Temperature Milk Steam, Steam Pipe & Cappuccinatore

Not available on compact models.

When frothing milk the automatic temperature valve shuts off the steamer when the milk reaches a desired temperature, thus delivering consistency to your froth.

Over Machine Electric Cup Warmer

When poured into a cold cup, the temperature of a coffee decreases rapidly. The electric cup warmer ensures that your customers' coffees are not going cold too quickly.

Illuminated Front Panel

For 2 group machines.

Draws even more attention to the machine. Also good for areas of low lighting.

Independent Temperature Control/TCI

For 2 group or 3 group machines.

The electronic temperature control device controls the water temperature of each separate boiler for each group. Each group has its own 'personal' boiler allowing different water temperatures to be dispensed out of each group head. It also has a separate steam boiler.

Machine personalisation also available on request. Minimum quantities apply.

Office Leva with Twin Boiler

Adjustable Temperature

Each boiler can be visually programmed and adjusted with the display.

Separate Hot Water Tap

Gives the flexibility of making other hot drinks such as tea, all with one machine.

Plug in and Go Power

Can take power straight from a mains socket with a normal UK three-pin plug.

PID Thermostat

A sensor provides gentle and stable temperature management accurate to within 1°C.

Two Pressure Gauges

One for monitoring steamer pressure and one for pump pressure.

This compact machine features a dual insulated boiler system: one for steam and hot water whilst the other keeps the water temperature perfect for the extraction of coffee. With a warm up time of just five minutes and an insulated steam wand for frothing milk, it produces up to around 30 drinks a day.

Number of Groups	1 Group with High Groups
Dimensions	H260 x W430 x D460mm
Boiler Size	2 x 1.5 ltr
Power Consumption	2 kw
Weight	28.5 kg

SYNCHRO T2

Available in White/Black, White/Blue or Red/Black.

Sidelights and Downlighter

Dramatic and striking, these lights make a statement.

Power Saving Mode

Ensures low power consumption when machine is not in use.

3x Ergonomic Group Handles

One single and two double. Weight-balanced and comfortable to use.

2x Stainless Steel Steam Wands

From basic milk frothing to professional barista latte art, they produce results.

Plug in and Go Power

Can take power straight from a mains socket with a normal UK three-pin plug.

The T2 takes the Synchro up a notch. Each redesigned component has purpose and the build materials remain top quality. Features also include sprung loaded steam levers, a hot water tap, PID thermostat and the programmable pre-infusions setting. It produces up to around 120 drinks a day.

Number of Groups	2 Group Compact with High Groups

For 2 group or 3 group machines.
The electronic temperature control device controls the water temperature of each separate boiler for each group. Each group has its own ‘personal’ boiler allowing different water temperatures to be dispensed out of each group head. It also has a separate steam boiler.

Pod Adaptor

An adaptor for the group head to enable individually pre-packed coffee pods to be used.

Turbo Steamer

The Turbo Steamer forces air into the milk whilst heating for a supreme frothing action.

Hot Water Mixer Facility

This feature allows a variable amount of cold water to be mixed with the hot to reduce splattering.

Machine personalisation also available on request. Minimum quantities apply.

Fiorenzato F64 Evo

Digital On Demand Grinder

Offers a smooth, super fast grind, for demanding operating conditions.
The aesthetics ooze Italian class and will pack a punch on any counter top.

- Sharp Digital LCD touch screen display
- Stepless grinding adjustment
- Sequential dosing counter
- 64mm grinding blades
- 1400rpm motor with built-in humidity indicator and cooling fan
- Blade lifespan of 400kg (approx 40000 cups)
- Group handle fork and grind tray
- On-demand coffee dose delivery
- Low noise output
- Available in White, Pearl White, Black, Matt Black, Red & Grey

Dimensions	H615 x W230 x D270mm	Power Consumption	350 w
Hopper Capacity	1.5 kg	Weight	13 kg

Fiorenzato F64 Evo XGi

Digital On Demand Grinder

All the benefits of the F64 Evo plus an innovative patented dispensing system. The desired coffee quantity is calculated in grams, so set only once! This guarantees precise and equal doses every time, avoiding waste.

- Sharp Digital LCD touch screen display
- Stepless grinding adjustment
- Sequential dosing counter
- 64mm grinding blades
- 1400rpm motor with built-in humidity indicator and cooling fan
- Blade lifespan of 400kg (approx 40000 cups)
- Group handle fork and grind tray
- On-demand coffee dose delivery
- Low noise output

Macap M42T

Black Timer Plus Grinder

Perfectly suited for compact machines. Once switched on, the timer will grind for as long as chosen, so you can concentrate on your customers and return to fresh ground coffee.

- Large 1kg hopper
- Incremental grinding adjustment
- Adjustable doser device from 5.5g to 8.5g
- Built-in 57mm tamper
- 58mm grinding blades
- 1400rpm motor with built-in thermal protection
- Blade lifespan of 250kg (approx 25000 cups)
- Group handle fork
- Grind tray

Dimensions	H505 x W194 x D308mm	Power Consumption	250 w
Hopper Capacity	1 kg	Weight	8.5 kg

Marfil

Manual Grinder

This robust and resilient grinder has been designed for use in busy environments; combining great value for money with sturdy build materials. Thanks to its large bean hopper it can always be full and ready to go.

- Manually Stop Operated Coffee Grinder
- Large 2kg hopper
- Incremental grinding adjustment
- Adjustable doser device from 5 to 12g
- Built-in 57mm tamper
- 60mm Diameter Grinder Blades
- 1300rpm motor with built-in thermal protection
- Blade lifespan of 500kg (approx 50000 cups)
- Group handle fork
- Grind tray

Dimensions	H600 x W210 x D380mm	Power Consumption	356 w
Hopper Capacity	2 kg	Weight	9 kg

Hot Water Boiler

Try using a hot water boiler for your hot water instead of drawing from your espresso machine. If a large output of hot water is needed it can lower the temperature of your espresso machine, affecting the quality and consistency of your coffee.

- Automatic or Manual Water Filling
- Digital display for temperature readout.
- Throughput of 18 litres per hour.
- Adjustable temperature to suit any type of beverage being served.

Supplied with 1.5 metre connection hose and removable drip tray.

Dimensions	H500 x W225 x D410mm	Power Consumption	2.2 kw
Tank Capacity	7.5 ltr	Weight	11 kg

Jura WE8

Bean to Cup Coffee Machine (Fresh Milk)

- Stylish design
- ‘One Touch’ function
- User friendly colour display
- Inbuilt grinder with 500g hopper
- Fully programmable
- Height adjustable dispense
- Integrated rinsing, cleaning and descaling programs
- Monitored drip tray

Using espresso coffee beans (or ground) and fresh milk this powerful, innovative and efficient machine offers piping hot drinks consistently every time.

This is a hand fill coffee machine, powered by a 13 amp socket, and is the ideal solution for locations where up to 30 coffees may be served per day.

Number of Programmed Products	12 1 Ristretto, 2 Ristretti, 1 Espresso, 2 Espresso, 1 Coffee, 2 Coffees, 1 Cappuccino, 1 Latte Macchiato, 1 Flat White, 1 Portion of Milk, Hot Water, Ground Coffee

**The Small Print

- Contract prices are based on 2 group models and include all service parts. Additional parts are extra.
- Call-outs are on a Monday-Friday basis and can usually be attended within 24 hours if within 25 miles.
- Contract exclusions include misuse, operator error and lack of cleaning/ maintenance.

CTU Water Filters

We recommend using a calcium treatment unit (CTU) to protect equipment against scale build-up, which will cause costly repair bills, and to ensure the machine runs correctly at all times. 90% of failures are caused by scale build-up when no water filtration is in use.

We can supply two different size CTUs:

CTU5

(Height 380mm x Diameter 170mm)

CTU5 recharge/exchange £84.00 + vat

CTU5 supplied and fitted £147.00 + vat

CTU10

(Height 490mm x Diameter 222mm)

CTU10 recharge/exchange £120.75 + vat

CTU10 supplied and fitted £236.25 + vat

We really can't over emphasise how important it is to fit a water filter and keep it scale free.

Problems caused by scale can be very expensive to fix. Not having a water filter fitted or recharged when due, will invalidate any machine warranty or maintenance contract.

Site Survey for Espresso Machine Installation

Carefully check the dimensions, not forgetting the extra height needed to access/fill up the coffee grinder (usually sitting on a knockout drawer). Plus space for the CTU water filter, located between the machine and water supply.

Eclipse

- Overall depth: 585mm
- Back of machine to front of front foot: 485mm
- Back of back foot to front of front foot: 400mm

Elegance

- Overall depth: 600mm
- Back of machine to front of front foot: 460mm
- Back of back foot to front of front foot: 410mm

Synchro

- Overall depth: 593mm
- Back of machine to front of front foot: 550mm
- Back of back foot to front of front foot: 490mm

Synchro T2

- Overall depth: 610mm

- Back of back foot to front of front foot: 480mm

Grinder

- Height of up to: 615mm
- Plus access height: 300mm

Under Grinder Knockout Drawer

- Height of up to: 90mm

CTU Water Filter

- CTU5 H:380mm x W:170mm
- CTU10 H:490mm x W:222mm

- Work surface suitable for up to 100kg.
- Power supply within 1 metre of machine, check watts/amps required and 1 socket for each appliance.
- Water supply within 1 metre of machine with washing machine fittings (machine fittings 3/8" and CTU water filter fittings 3/4")
- Waste below machine. If not available a bucket for waste to run into (ideally with a completely vertical drop to allow water to run away freely). If possible, a hole in the worksurface should be made and located centrally under the espresso machine with a diameter of 50mm.

It's very important that the above are checked as we may charge an aborted install fee if we are unable to carry out the work.

Our Customer Promise

- To supply to you the highest quality of coffees and related products at competitive market prices.
- To offer a rapid response engineering service enabling you to serve your customers at all times.
- To deliver orders and phone regularly if you so wish, so that you do not run out of supplies.
- To offer training to enable our products to be presented correctly and in optimum condition.
- To introduce innovative products to our range on a continuing basis and be aware of consumer market trends.
- To advise you on how to promote coffee sales in your business for maximum financial return.
- To inform you of market trends influencing consumer sales within the beverage sector.
- Free recall to any machine previously repaired but consequently defective, due to parts supplied, within one month of original call-out.
- To ensure your goods are delivered in the condition you would expect them.
- To offer great tasting coffee and juices with great back-up support.

Testimonials

“We’ve been with Beanbags since we opened and frequently receive compliments for our coffee. Excellent espresso and excellent service.”

The Nut Tree

“Beanbags have always been extremely reliable. They are very prompt with delivery and their staff are so friendly and helpful. We love the coffee too, it makes a delicious Cappuccino! We are proud to use Beanbags coffee at our venues.”

The Lighthouse

“We’ve been working with Beanbags Coffee since 2007 and our customers love our coffee, what else do I need to say?”

The Art Cafe

And Finally...

We are located in the village of Worminghall on the Buckinghamshire/Oxfordshire border. We have been established for more than 17 years and specialise in supplying the best quality coffee and service we possibly can.

We deliver to Central Oxford every Tuesday and Friday, to our local area weekly on Wednesdays and Witney every Friday. If you do not fit into any of those areas do not worry! We can also courier goods to you for next day delivery.
