Espresso cups & saucers

Latte mugs or glasses

Complete barista and cleaning kit

Starter case of coffee beans

Delivery, installation, training and 12 months warranty

Please ask for prices for either rental, machine only or a complete package.

All Eclipse models have the following features:

- Clad in sleek glass panelling and ready to be personalised with your business's branding.
- High group heads allowing more space for taller latte glasses or takeaway cups.
- PID Technology
- Keep each group clean and ready to go between brews with just the push of a button.
- Insulated 'no burn' steam arms
- Automatic cleaning means the group head and shower always stay clean and ready for the next brew.
- Allow coffee to develop its flavour naturally with soft pre-infusion and complete saturation in every dose.
